Teaching Experience: 7+ yrs

Worked with Bansal Classes Kota,
Byjus, Sri Chaitanya

Experienced in producing several JEE
Main and Advanced Ranks

“

Babu Sindhuja, IIIT Hyderabad
JEE (Main) 99.7 %ile

Brajesh sir's way of teaching physics is very unique. He delivers complex topics with simple examples which are easy to understand. The model of questions which were covered by him in each chapter ranging from easy to difficult helped me gain more clarity on the subject. The main focus in the class was the application of concepts over anything else. So that greatly helped in my competitive exams. Overall he was also very patient with us and cleared all our doubts.

”

“

Tanay Vashist, IIT Palakkad

I have always had a passion for Physics, but after meeting Brajesh sir it grew even stronger. He not only helped me in understanding Physics but also supported me when I was feeling low. His classes cover the concepts exhaustively and fully equip us to solve the problems at JEE Main and Advanced levels.

Trupti Khodwe,
99.17 %ile JEE (Main) 2022, IIIT Bangalore

“Ninad sir's teaching had a huge impact on my journey. He is really great at explaining things in a way that makes sense. He makes the subject interesting by showing how it connects to things we see every day. What's awesome is that he is always ready to help, even outside of class. He is friendly and approachable, and he made sure that I understood the lessons. ”

Teachers in the academy mainly focus on building concepts. They are very friendly, loving and extremely patient. They are all experienced IITians with complete grasp over subject. They encourage us to perform better at every step. They counsel us for emotional and mental well being, knowing the challenges that students face.

The environment here at SRSMA is distraction and stress free. Learning concepts in mathematics with Thirumala sir is always a joyful experience. He makes math more interesting. Join us for an enjoyable learning experience.

- S. Jagat Pavitra (JEE aspirant at SRSMA)

Students speak out

Shri Ram Smart Minds Academy has given me a chance to sharpen my skills in each subject, especially in Maths. I used to be scared of Maths questions but here the faculty is very competent and experienced. He teaches us to use more logic and less formulae. Being a dropper I felt I was a loser; my mental status was very much unstable but now it is very much improved by attending monthly classes of Amal M Das sir. He told us a year drop means "Setback to Bounce Back".

-Saumya Tiwari (Comp Sci & Engg, ABES College, Ghaziabad)
EAMCET Rank 15789

Thanks to Shri Ram Smart Minds Academy for providing me with such a great platform to realize my true potential and capability and also for providing me with excellent positive association. The faculties here are highly qualified and all are IITians. They are very helpful. Being a dropper was not easy; initially, I was discouraged but the faculty here has encouraged me to such a level that I feel taking a drop is one of the best decisions I took. They made me realize that the behavior with my co-students should be cooperative, not competitive which leads to an anxiety-free environment.

-T. Anusha (CSE - AI/ML, Gokaraju Rangaraju College of Engg)
EAMCET Rank 9188

Shri Ram Smart Minds Academy has made me hardworking, disciplined, and goal-oriented. Initially, I used to be very afraid of physics; I would just memorize formulas and struggle to understand where to apply which concept. Nothing seemed to stick. However, there has been a significant improvement in my understanding of Physics. The teachers here explain every problem from the basics and address every doubt. My confidence level in every subject has increased. This institute has been of great help to me. It has taught me that no child is ever weak; with continuous hard work, everything is possible.

-Saloni Kumari (St. Ann's college for women)
NEET - 84.7 %ile

Students speak out

Physics is one of the subjects that I do not like personally, and I was really scared before getting into the college but thanks to Brajesh sir, I could improve and get much better because of his classes, they were really effective and understandable even for beginners like me. I would like to thank my sir for guiding me through JEE Main and Advanced, I could score a very good percentile in physics due to his classes. The revision classes and important notes given by sir just 2 months before the exam really helped me concentrate more on the subject and also the daily formula tests helped me get a grip on the formulae. I'm grateful to sir for helping me overcome my fear and leading me till this stage.

- Nandini, NIT Warangal, JEE (Main) 98 %ile

It's a truly brilliant experience to get teaching and guidance under IITian faculty. There is no comparison between students. Their way of teaching has been that every student use his capabilities to his fullest. They improve our logical skills. The teachers are very understanding and caring and make sure every student learns. Apart from the subjects they help us increase our mental strength.

- Puneeth (JEE aspirant at SRSMA)

The excellent IITian faculty at SRSMA help us focus on logical thinking more than rote memorization. They help us get motivated by conducting special classes and teach us how to handle tough situations. We can experience distraction free and stress free environment. The teachers provide personalized attention to every student and have admirable qualities like patience, determination and concern for all the students.

- Karthik (JEE aspirant at SRSMA)

KARTHIKA G NAIR
(AIR - 1, NEET-2021)

"The Art of Concentration" book talks about how a student needs to believe in oneself, focus on one's goal and not get distracted. It teaches a lot of values that a student has to acquire to focus more on his/ her goal. This is a **MUST-READ** book

BHUVAN REDDY AIR 2
(JEE Adv 2020)

Amal Sir's course on "Art of concentration" really helped me to not get distracted, stay motivated and made sure I didn't waste any time. It really helped me and it will definitely help anyone, I would definitely recommend it to everyone

JITENDRA LANDA
(AIR-14 JEE 2020)

I used to feel very low & depressed whenever I wasn't performing well in my weekly exams. Amal Sir's course helped me to overcome those negative feelings and stay strong even in not so performing days. I strongly recommend it to others

ADITYA NEMI WAL
(AIR 29, JEE 2021)

Meditation mentioned in Amal Sir's "Art of Concentration" book was really helpful and it really helped me to reduce silly mistakes in the exam
